

# RIETH-RILEY CONSTRUCTION Co., INC.

100% Quality • 100% Employee Owned • Over 100 Years

**To:** All Property Owners Along The M-55 Corridor

**From:** Rieth-Riley Construction Co., Inc.

**Date:** 3-22-2023

**Subject:** Landscape and Sprinkler System Re-Location

It is the responsibility of the property owner to relocate any lawn sprinkler systems and/or landscaping within the MDOT Right of Way (ROW) to avoid damage caused by construction operations prior to the beginning of the project. If damage occurs due to the property owner failing to relocate the said items, locations affected will be marked with a wooden stake for the property owner's reference. Sprinkler lines will be capped, and any damaged sprinkler heads will be affixed to the location stake. Modifications required to the sprinkler systems caused by construction operations are the responsibility of the homeowner. Any salvageable landscaping supplies affected will be relocated to the owner's property and marked with a location stake.

The above-mentioned project will begin April 1<sup>st</sup>, 2024. This project includes intermittent concrete curb repairs and sidewalk ramp upgrades at all street intersections along the M-55 corridor starting at Kelly Street in Prudenville and continuing to US-127. The map below is for reference only.
